

# COLLEGE OF REGISTERED NURSES AND MIDWIVES OF PEI

NOVEMBER 2025 NEWSLETTER

## NURSYS CANADA

Nursys Canada is a secure platform that allows nursing regulators to share registration information across provinces and territories. It helps make the verification process more efficient for nurses relocating within Canada while supporting consistent, safe regulatory practices nationwide. Click [here](#) to learn more.

## WELCOME

We are pleased to welcome Mark MacKenzie, who began his role as CRNMPEI's Coordinator of Conduct and Quality Assurance in September.

## RENEWAL & JURISPRUDENCE

Thank you for a successful renewal period. We recognize that this year involved several changes and appreciate your cooperation in ensuring a smooth process. To further support ongoing learning, we will be highlighting key insights from the jurisprudence exam in upcoming newsletters.

### Fact #1:

Members of CRNMPEI have a duty to report the behaviours of another member if they honestly believe these behaviours constitute incompetence as per the Regulated Health Professions Act (RHPA) Section 57.

### Fact #2:

Student nurses and midwives are not regulated by CRNMPEI.

## NEW COLLEGE UPDATE

Work is ongoing on the creation of the new college formed by CRNMPEI and CLPNPEI, with completion anticipated in 2026.

## RN ELCs

Revisions to the entry-level competencies are currently underway at the national level. Thank you to everyone who contributed to the survey. The updated competencies are expected to be completed in 2026.
